Hi Jeff,

Pursuant to our conversation, CDS will not require an additional Conditional Use review for the slight modification you proposed. This modification would replace the approved eight carport storage structure (located at the north west corner of the site) with standard storage structures within the same (combined) footprint of the proposed eight carport structures and proposed managers residence. The units cannot exceed eight in this area and must comply with applicable setbacks. Please provide this email when you submit for your preliminary site analysis and subsequent building permits.

Let me know if you have any questions.

Jeremy Johnston
