Mark:

This application states that water will be provided to the Fire Station from DRIFTWOOD ACRES MAINTENANCE CORP. I just wanted to let you know that the following hold for this water system:

- Green Operating Permit
- 120 approved connections
- 117 current connections

So, you are able to provide water to this Fire Station, but I wanted you to know that you are definitely losing at least one available connection, reducing possible, additional connections to 2.

If you have any questions or issues, please contact me, thanks,

Russell E. Mau, Ph.D., P.E.
