Mr. Pilkington:

Department of Health Office of Drinking Water has reviewed this submittal and has the following comments:

- This project appears to be located where it would be served by the City of Ellensburg's water system because the submittal states it would be served by the City's water system – Ben Serr of DOH has not confirmed the location as being within the City's water system service area. So, this development should explore connecting to the City's water system.
- If water cannot be provided by the City, then this development would need to seek a Group A – Community water system approval, through DOH, based on "thirtyseven lot planned unit development".

Thanks,

**Russell E. Mau, PhD, PE**
