**THIS DEVELOPMENT IS EXEMPT PURSUANT TO WAC 173-27-040(2)(b).  
A SHORELINE SUBSTANTIAL DEVELOPMENT PERMIT IS NOT REQUIRED FOR THIS PROJECT.**

### THE FOLLOWING CONDITIONS ARE REQUIRED PURSUANT TO WAC 173-27-040(1):

1. All work shall substantially conform to the specifications of the application submitted to Kittitas County Community Development Services by Igor Shaporda on February 16, 2018.
2. Issuance of this shoreline exemption permit does not authorize access onto private property, or waive other jurisdictional agency requirements. The permittee shall obtain consent from respective property owner(s) prior to entering onto private property, and shall obtain and comply with all applicable federal and state permit requirements in completing the proposed development.
3. Issuance of this shoreline exemption will not create liability on the part of Kittitas County or any officer or employee thereof, for any on or off site injury or damages that may result from this project.
4. This project is subject to KCC 17A Critical Areas and all other applicable city, county, state and/or federal regulations.
5. Any work must be performed in accordance with Kittitas County Code 14.08 Flood Damage Prevention. The applicant shall contact Kittitas County Public Works at 509-962-7610 prior to submitting any future building permits in order to determine any necessary floodplain permits.

### CONSISTENCY ANALYSIS

A shoreline substantial development permit is not required for the project as described due to exemption WAC 173-27-040(2)(b). The use and locations of the picnic facilities will not be changed with the addition of shelters and therefore can be viewed as an acceptable replacement under this WAC provision. Although exempted by statute/rule, such exempt developments must comply with all other regulatory requirements of the Shoreline Management Act and Kittitas County Shoreline Master Program.

- Buffer strips of permanent vegetation between shoreline development and associated water bodies are encouraged (See KCSMP 5.3A(5)).
- Nothing in these regulations shall obviate any requirement to obtain any permit, certificate, license, or approval from any state agency or local government.
- The proposed project is consistent with multiple provisions in KCC 17B.07.020(4)(c) Nonconforming structures.
