Jeremy, thank you for your email and the letter. The proposed fence posts will carry the attached sign. The purpose is to delineate and educate public about the Hydroelectric Priest Rapids Project Boundary. Thank you,

Igor Shaporda

Subject: Request for more information

Please take care when opening links, attachments or responding to this email as it originated outside of Grant.

Igor,

Attached is an official request for more information regarding your shoreline exemption application SX-18-00015. Once you are able to submit the information we discussed over the phone we will be able to reopen the file and determine if the application can be processed as a shoreline exemption. A physical copy of the attached letter has been sent via UPS. If you have any questions feel free to contact me.
