To Whom It May Concern,

The Shoreline Exemption Permit application submitted on September 12, 2018 has been deemed **incomplete**. The information provided with your application does not clearly show necessary details of your proposed project. Please provide the following:

1. Updated Site Plan; your site plan will need to be scaled, show all structures, driveway, setback distances, waterbodies, and any other nearby items (i.e. campsites).
2. Documentation from public works verifying that your project site lies out of the floodway.
3. Documentation showing that your project site is located fully on the identified parcel.

Once these items have been received, Community Development will continue the processing of your application.

Please contact me with any questions.

Thank you,
