SHORELINE EXEMPTION PERMITTING

(For projects located within 200 feet of a body of water and/or associated floodway and wetlands under the jurisdiction of the Shoreline Master Program)

REQUIRED INFORMATION / ATTACHMENTS

A scaled site plan is required showing location of all structures, driveways, well, septic, fences, etc. and proposed uses and distances from property lines, river, and Horizontal distance from OHWM. To show the Horizontal distance a profile view from the OHWM to the edge of structure/activity shall also be shown.

Include JARPA or HPA forms *if required* for your project by a state or federal agency. SEPA Checklist, if not exempt per WAC 197-11-800.

Fish and Wildlife did SEPA. DNS provided

Please note a Shoreline Variance or Shoreline Conditional Use Permit may also be required. See Kittitas County Shoreline Master Program

APPLICATION FEES:

~~\$540.00~~ Kittitas County Community Development Services

~~\$550.00~~ Kittitas County Public Works

~~\$1,090.00~~ Fees due for this application when SEPA is not required

~~\$2,220.00~~ Fees due for this application when SEPA is required (One check made payable to KCCDS)

FOR STAFF USE ONLY

General Application Information

1. Name, mailing address and day phone of land owner(s) of record:

Landowner(s) signature(s) required on application form.

Name: Wallace Ranch II LLC
Mailing Address: 330 112th Avenue NE, STE. 200
City/State/ZIP: Bellevue, WA 98004-5800
Day Time Phone: (425) 455-9976
Email Address: rwallace@wallaceproperties.com

2. Name, mailing address and day phone of authorized agent, if different from landowner of record:

If an authorized agent is indicated, then the authorized agent's signature is required for application submittal.

Agent Name: Mark Crowley, Kittitas County Conservation District
Mailing Address: 2211 W. Dolarway Road, STE. 4
City/State/ZIP: Ellensburg, WA 98926
Day Time Phone: (509) 925-3352 ext. 205
Email Address: Mark-Crowley@conserveva.net

3. Name, mailing address and day phone of other contact person

If different than land owner or authorized agent.

Name: _____
Mailing Address: _____
City/State/ZIP: _____
Day Time Phone: _____
Email Address: _____

4. Street address of property:

Address: 23851 HWY 10
City/State/ZIP: Cle Elum, WA 98922

5. Legal description of property: (attach additional sheets as necessary)

The property is in private ownership.
The project is located in Kittitas County, WA.
The approximate latitude and longitude of the project location is 47.145262, -120.804543
The project is located in T19N, R16E, Section 14.
Kittitas County parcels 886734, 18582

6. Tax parcel number(s): 886734, 18582

7. **Property size:** The two parcels where work is proposed total a little more than 22 acres. (acres)

Project Description

1. Briefly summarize the purpose of the project:

The Kittitas County Conservation District (KCCD), through the Yakima Tributary Access & Habitat Program (YTAHP), propose to install a new, compliant irrigation pump diversion with a National Marine Fisheries Service (NMFS) and Washington Department of Fish & Wildlife (WDFW) approved fish screen on the Yakima River near river mile 172.

The existing diversion is problematic due to its location on the Yakima River and it does not have a compliant fish screen. The existing pump suction is a slotted metal pipe with a pump on top of it in an artificially dug inlet off of the river. The slotted pipe does not meet fish screening criteria. In addition, the inlet where the diversion is located receives silt deposits during high flow and when flows drop (usually after “flip-flop”) the irrigator must scoop out the silt and other material in order for the pump to have suction to divert water.

The proposed project involves decommissioning the existing pump intake and installing a new pump diversion with a fish screen that will be operated in accordance with NMFS and WDFW fish screening criteria. The fish screen proposed is manufactured by Riverscreen, Inc. and sits on pontoons on the surface of the water. A concrete pad will be poured upslope of the Ordinary High Water Mark and a pump and boom will sit on the concrete pad. The boom will allow the water user to remove the fish screen during the non-irrigation season. The screen will be in the Yakima River from approximately April – October annually.

The Yakima River is home to Chinook, coho and sockeye salmon, steelhead, Pacific lamprey, bull trout and a suite of other native fishes. Steelhead and bull trout are both listed as Threatened under the Endangered Species Act, elevating the priority for installing a compliant fish screen. This project will ensure fish are not entrained into the irrigation infrastructure.

We believe the project qualifies for a Shoreline Master Program exemption under 17B.07.030 (2)(e) which is also consistent with WAC 173-27-040(2)(e).

2. What is the primary use of the project (e.g. Residential, Commercial, Public, Recreation)?

Agriculture

3. What is the specific use of the project (e.g. single family home, subdivision, boat launch, restoration project)?

Installation of an irrigation Pump Diversion

4. Fair Market Value of the project, including materials, labor, machine rentals, etc.: \$47,000

5. Anticipated start and end dates of project construction:

Start: Spring 2019 End: Spring 2019

Authorization

Application is hereby made for permit(s) to authorize the activities described herein. I certify that I am familiar with the information contained in this application, and that to the best of my knowledge and belief such information is true, complete, and accurate. I further certify that I possess the authority to undertake the proposed activities. I hereby grant to the agencies to which this application is made, the right to enter the above-described location to inspect the proposed and or completed work.

All correspondence and notices will be transmitted to the Land Owner of Record and copies sent to the authorized agent or contact person, as applicable.

FOR STAFF USE ONLY

1. **Provide section, township, and range of project location:**
¼ Section _____ Section _____ Township _____ N. Range _____ E., W.M.
2. **Latitude and longitude coordinates of project location (e.g. 47.03922 N lat. / -122.89142 W long.):**
_____ [use decimal degrees – NAD 83]
3. **Type of Ownership: (check all that apply)**
 Private Federal State Local Tribal
4. **Land Use Information:**
Zoning: _____ Comp Plan Land Use Designation: _____
5. **Shoreline Designation: (check all that apply)**
 Urban Conservancy Shoreline Residential Rural Conservancy
 Natural Aquatic
6. **Requested Shoreline Exemption per WAC 173.27.040:**

Vegetation

7. **Will the project result in clearing of tree or shrub canopy?**
 Yes No
If 'Yes', how much clearing will occur? _____ (square feet and acres)
8. **Will the project result in re-vegetation of tree or shrub canopy?**
 Yes No
If 'Yes', how much re-vegetation will occur? _____ (square feet and acres)

Wetlands

9. **Will the project result in wetland impacts?**
 Yes No
If 'Yes', how much wetland will be permanently impacted? _____ (square feet and acres)
10. **Will the project result in wetland restoration?**
 Yes No
If 'Yes', how much wetland will be restored? _____ (square feet and acres)

Impervious Surfaces

11. Will the project result in creation of over 500 square feet of impervious surfaces?

Yes No

If 'Yes', how much impervious surface will be created? _____ (square feet and acres)

12. Will the project result in removal of impervious surfaces?

Yes No

If 'Yes', how much impervious surface will be removed? _____ (square feet and acres)

Shoreline Stabilization

13. Will the project result in creation of structural shoreline stabilization structures (revetment/bulkhead/riprap)?

Yes No

If 'Yes', what is the net linear feet of stabilization structures that will be created? _____

14. Will the project result in removal of structural shoreline stabilization structures (revetment/bulkhead/riprap)?

Yes No

If 'Yes', what is the net linear feet of stabilization structures that will be removed? _____

Levees/Dikes

15. Will the project result in creation, removal, or relocation (setting back) of levees/dikes?

Yes No

If 'Yes', what is the net linear feet of levees/dikes that will be created? _____

If 'Yes', what is the net linear feet of levees/dikes that will be permanently removed? _____

If 'Yes', what is the linear feet of levees/dikes that will be reconstructed at a location further from the OHWM? _____

Floodplain Development

16. Will the project result in development within the floodplain? (check one)

Yes No

If 'Yes', what is the net square feet of structures to be constructed in the floodplain? _____

**Note: A floodplain development is required per KCC 14.08; please contact Kittitas County Public Works*

17. Will the project result in removal of existing structures within the floodplain? (check one)

Yes No

If 'Yes', what is the net square footage of structures to be removed from the floodplain? _____

Overwater Structures

18. Will the project result in construction of an overwater dock, pier, or float? (check one)

- Yes No

If 'Yes', how many overwater structures will be constructed? _____

What is the net square footage of water-shading surfaces that will be created? _____

19. Will the project result in removal of an overwater dock, pier, or float? (check one)

- Yes No

If 'Yes', how many overwater structures will be removed? _____

What is the net square footage of water-shading surfaces that will be removed? _____

Summary/Conclusion

20. Will the proposed use be consistent with the policies of RCW 90.58.020 and the Kittitas County Shoreline Master Program? (attach additional sheets if necessary)

- Yes No

Please explain:

21. Provide any additional information needed to verify the project's impacts to shoreline ecological functions: (attach additional sheets and relevant reports as necessary)
