Hi Rachael,

We would like to see a survey completed if the new construction will extend east-ward, toward the river, on the property. Our concerns there would be the previously undisturbed sediment near the rock outcrops. If the new construction will be limited to the area currently in driveway/landscaping, and IDP would suffice.

Thank you.

Good morning,

The project is replacing an existing residence and garage with a new residence and there will be about 500 square feet of new ground disturbance (increasing the original footprint by about 30%).

I hope that helps!

Thank you,

Rachael Stevie

Hi Rachael,

Could you please confirm whether or not the new construction will be confined to previous disturbance?

Thank you.

Jessica

Good morning,

You are receiving this request for shoreline review with an associated 15 day comment period because this application (Shoreline Exemption Permitting, SX-21-00007 - Tueffers) is proposing a project within shoreline jurisdiction that is not exempt from cultural resources review pursuant to
