---

Good morning,

Please see below correspondence from Yakama Nation requesting more specific location information and/or a more specific site plan.

You can provide the information to me via email and I will pass it along.

Thank you,

**CAUTION:** This email originated from outside the Kittitas County network. Do not click links, open attachments, fulfill requests, or follow guidance unless you recognize the sender and have verified the content is safe.

Hi Rachael,

I'm having some difficulty determining where exactly this proposal will take place within Gold Creek. Could the proponent please provide at minimum Township Range and Section? I apologize if I'm missing that information within the attachments. The scanned map does no

provide enough detail to pinpoint location.

Gold Creek is high probability. Cultural resources survey will most likely be required.

**Subject:** Shoreline Review: Shoreline Exemption SX-21-00009 - Pierson

Parcel# 328235

Good morning,

You are receiving this request for shoreline review with an associated 15 day comment period because this application (Shoreline Exemption Permitting, SX-21-00009 - Pierson) is proposing a project within shoreline jurisdiction that is not exempt from cultural resources review pursuant to Kittitas County SMP 5.1(B)(1)(a). There will be ground disturbance along approximately 400 feet of riverbank on Gold Creek. In accordance with the settlement agreement between the Yakama Nation and Kittitas County, Kittitas County Resolution No. 2018-195 and the Department of Ecology Final Approval (letter dated 1/14/19, effective 1/28/19) of the County's amended Shoreline Master Program, Kittitas County is hereby requesting comments regarding the proposed project. Please note, this Shoreline Exemption application is associated with SEPA application SE-21-00014 Pierson and the comment period for both projects ends at 5pm on August 6, 2021.

This request is based off of the following amendment to Kittitas County SMP 5.1(B) as shown below:

B. Regulations

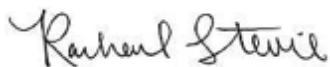

1. *Project Approval Requirements.* Prior to issuing a permit, exemption, or other approval for a proposed project in a shoreline area, the County shall determine whether or not a cultural resources review or archaeological survey shall be required under this Section 5.1(B)(1).
  - a. *Exceptions.* No cultural resources review or survey shall be required under this Section 5.1(B)(1) where the project applicant can demonstrate one or more of the following conditions is met:
    - i. The project or use does not include any ground disturbance. Projects that require the insertion of structural elements, but which do not require any excavation and create no spoil piles, shall be considered non-ground-disturbing for purposes of this Section (e.g. driving T-posts, planting tree seedlings with a hoedad).
    - ii. The project is limited to the installation of infrastructure entirely within the same area as an existing project or development.
    - iii. The project's entire three-dimensional area of proposed ground-disturbance is located within previous fill or previously disturbed earth.
    - iv. A professional archaeologist has surveyed the entire project area within the last ten (10) years, and the survey report(s) show that no cultural, archaeological, or historic resources were found.
  - b. *Cultural Resources Review.* The County shall provide electronic notice and a fifteen (15) day comment opportunity to DAHP and affected Native American tribes for all proposed projects in shoreline areas which are not excluded under Section 5.1(B)(1)(a) above.
    - i. When applicable, the above notification requirement will be included in the Preliminary Site Analysis process.

- ii. Where the proposed project is already subject to a comment period through shoreline permitting and/or SEPA review, this comment period shall be run concurrently.
  
- iii. For shoreline projects that fall under a shoreline exemption permit and have no notification requirement, if not already completed through the Preliminary Site Analysis process, the above notification and cultural resources review requirements will occur prior to the issuance of an exemption permit.

Kittitas County will not act on the attached request until the end of the 15 day comment window. Please respond to this email with any comments regarding this proposal no later than end of business day August 6, 2021.

Please contact me should you have any questions.

Best regards,

Planner I
