RE: Shoreline Exemption - Little Naches River & Floodplain Restoration, RM 3.3 – 4.3

Attached please find a link to our Shoreline Exemption application (and supporting documents) for a river and floodplain restoration project on the Little Naches River at river mile 3.3 - 4.3 (Parcel: 841333). This project was permitted under the Streamlined Process for Fish Habitat Enhancement Projects through WDFW, but I understand that the County has requested Shoreline Exemption applications for your records.
