**Public Works has reviewed the Shoreline Exemption application. Please see comments below:**

The applicant should contact Kittitas County Public Works to confirm that the proposed activity is outside the FEMA-identified Special Flood Hazard Area (the Zone A designation on the attached map). All activities within the Special Flood Hazard Area require a floodplain development permit. Since the Zone A Boundary is not shown on the attached site plan, nor can the location of the activity be deduced from the two distances provided in the correspondence about the ordinary high-water mark, we are not able to make a conclusive determination based on the information provided.
