Dusty,

Here you go! Thanks for the guidance. Have a great weekend.

Debbie,

Attached is a copy of the affidavit of posting for your signature. You can sign it, scan it, and then email it to me, or you can sign it and drop it off. Whichever option works best for you.

Thanks,

Dusty Pilkington

Hi Dusty,

Attached is a photograph of the posted sign to start the notification and public comment process.

Thanks!

Debbie,

This email is just a quick reminder that I will need a photograph of the posted sign before I can start the notification and public comment process. It can be emailed, mailed, or hand delivered to our office. As soon as I have the photo I can continue with the Shorelines application.

Thanks,

Dusty Pilkington

Hi there,

Another question. We do not own the land where the land use action sign is to be posted. It is owned by WDFW. We own the water where the floating restroom will be located. Greg Cardwell will contact Patrick Verhey at WDFW to get permission to post the sign.

Can you mail the plastic coated form to go on the sign to us or is it better to come pick it up?

According to code, it needs to be posted at a conspicuous location. I am assuming the dune refers to the sandy area on the outside of the cove? If most access to the site is by boat, as a place visible from the river access point, that would work. The affidavit is attached. For the sake of consistency with other Kittitas County signs and making sure they are easily recognizable to people familiar with previous land use action signs, one of our signs might be best.

Thanks,

Good morning,

Can the sign be posted on Quilomene Dune?

There is no road to the property as this restroom will be located in Quilomene Cove and the area is only accessible by boat.

Also, can you email me the form and affidavit and we can use a District sign structure or do we need to come the Ellensburg and pick it up one of the County's signage?

Thanks for your help.

Greetings. An update. I was digging through my policies that I have to follow, and before I can send the notice, there will be one thing I will need from the PUD. Code requires that a conspicuous sign be posted for neighbors. Such a sign can be picked up here at CDS, along with an affidavit of posting to be filled out. Once this is completed, I can issue the notice of application to start the comment period. The letter of complete application I will send today will include a reminder.

Thanks,
