Hello Chace

The Snoqualmie Tribe [Tribe] is a federally recognized sovereign Indian Tribe. We were signatory to the Treaty of Point Elliott of 1855; we reserved certain rights and privileges and ceded certain lands to the United States. As a signatory to the Treaty of Point Elliot, the Tribe specifically reserved among other things, the right to fish at usual and accustomed areas and the “privilege of hunting and gathering roots and berries on open and unclaimed lands” off-reservation throughout the modern-day state of Washington.

Thank you for the opportunity to review and comment. Based on the information provided and our understanding of the project and its APE we have no substantive comments to offer at this time. However, please be aware that if the scope of the project or the parameters for defining the APE change we reserve the right to modify our current position.

Thank you.

Hello Chace,

This consult is in reference to Short Plats SP-23-00006 Houser-Bacon. This undertaking does not have any planned ground disturbing activities and the project narrative states there is no planned future development.

This undertaking is located within the CCT Usual and Accustom Territories. We request any undertakings, particularly those involving ground disturbing activities, to have an IDP in place prior to implementation.

The proposed project lies within the Usual and Accustom Territory of the Moses-Columbia Tribe, 1 of the 12 constituent tribes of the Confederated Tribes of the Colville Reservation (CTCR), which is governed by the Colville Business Council (CBC). The CBC has delegated to the Tribal Historic Preservation Officer (THPO) the responsibility of representing the CTCR with regard to cultural resources management issues throughout the traditional territories of all of the constituent tribes under Resolution 1996-29. This area includes parts of eastern Washington, northeastern Oregon, the Palus territory in Idaho, and south-central British Columbia.

If ground disturbing activities are to be conducted, such as the installation of a septic system or the scraping of a driveway, a cultural resource surface survey and sub-surface testing of the area in and directly around the proposed ground disturbance are recommended as a surface observation will not be an accurate assessment of the existent potential for subsurface cultural deposits. This test should be to the terminal depth of the septic installation to ensure the totality of the presence or absence of cultural material.

There are known cultural resources of precontact significance within one mile of the plat, and this particular parcel is considered Moderately Low Risk for an inadvertent discovery according to the DAHP predictive model.

CCT requests that during implementation that there be an inadvertent discovery plan or (IDP) in place to ensure compliance with all Section 106 and relevant cultural resource laws both federally and to the state of Washington.

Thank you for consulting with the Colville Confederated Tribes History and Archaeology Program.

Sincerely,

Connor Armi | Archaeologist Senior MA, RPA

Ellensburg, WA. 98926

Dear Chace,

The following comment is the Environmental Public Health comment on the SP-23-00006 Houser-Bacon-Notice of Application. After a review of this project, we have concluded that there are no concerns with this application. Both lots proposed have existing wells and drainfields so nothing further is required.

Thank you for this opportunity to comment. If you have any questions, please don't hesitate to give me a call.

Sincerely,

A handwritten signature in blue ink that reads "Holly Erdman".

KITTITAS COUNTY

DEPARTMENT OF PUBLIC WORKS

MEMORANDUM

TO: All Staff
FROM: Public Works Plan Review Team
DATE: September 1st, 2023
SUBJECT: SP-23-00006 Houser-Bacon

ACCESS	No Comments. (TM)
ENGINEERING	Except as exempted in Section KCC 14.05.060, no grading or filling upon a site involving more than one hundred (100) cubic yards shall be performed without a grading permit from the County Engineer or Public Works designee (KCC 14.05.050). An application for grading in excess of five hundred (500) cubic yards shall be accompanied by an engineered grading plan (KCC 14.05.080). (KAH)
SURVEY	No required changes for Prelim Short Plat. Following comments are in regard to Final Short Plat submittal. 1. At minimum the new division line shall have corners set in the filed and shown on the face of the survey. 2. The basis of bearing is missing. 3. Note 4 should address the angular discrepancy between Section lines and Property lines VS the referenced document of record. (JT)
TRANSPORTATION CONCURRENCY	No comments (KH)
FLOOD	Parcel #796136 is not located in the FEMA identified special flood hazard area (100-year floodplain). (AT)

<p>WATER MITIGATION/ METERING</p>	<p>For the proposed short plat, the applicant must provide legal water availability for all new uses on the proposed lots of this project, consistent with KCC Chapter 13.35.027(2). Prior to final plat approval and recording, the following conditions shall be met:</p> <p>In accordance with KCC Chapter 13.35.027, the applicant shall provide one of the following documents before final plat approval:</p> <ol style="list-style-type: none"> 1. A letter from a water purveyor stating that the purveyor has adequate water rights and will provide the necessary water for the new use; 2. An adequate water right for the proposed new use; or 3. A certificate of water budget neutrality from the Department of Ecology or other adequate interest in water rights from a water bank. <p>All applicants for land divisions shall also submit information on "proximate parcels" held in "common ownership" as those terms are defined in WAC 173-539A-030 and otherwise demonstrate how the proposed new use will not violate RCW 90.44.050 as currently existing or hereafter amended.</p> <p>Failure to obtain mitigation before commencement of an activity requiring mitigation shall be a code violation subject to enforcement under Title 18 KCC.</p> <p>Final Plat Notes</p> <p>The following notes shall be placed on the face of the plat:</p> <p>C-1 "Metering is required for all new uses of domestic water for residential well connections and usage must be recorded in a manner consistent with Kittitas County Code Chapter 13.35.027 and Ecology regulations."</p> <p>C-2 "The approval of this division of land provides no guarantee that use of water under the ground water exemption (RCW 90.44.050) for this plat or any portion thereof will not be subject to curtailment by the Department of Ecology or a court of law."</p> <p>(AT)</p>
