Dear Chace,

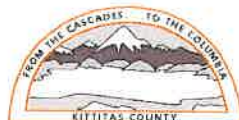

The following comment is the Environmental Public Health comment on the SP-23-00006 Houser-Bacon-Notice of Application. After a review of this project, we have concluded that there are no concerns with this application. Both lots proposed have existing wells and drainfields so nothing further is required.

Thank you for this opportunity to comment. If you have any questions, please don't hesitate to give me a call.

Sincerely,

A handwritten signature in blue ink that reads "Holly Erdman".
