

Public Comment 11/16/2023

Mary Pearson 9:30 AM November 16, 2023.

Mary P. called with concerns about the state of the property in question. According to her, the manufactured home on site is dilapidated and should be condemned. She also detailed how there is a pile of garbage on the property that nobody has taken care of in a long time. She stated that all neighbors she has talked to have similar complaints and concerns.

She is also concerned about the use of the shared driveway that all neighbors except the parcel in question contribute to.

She stated that she will be telling her neighbors to email me and that her son who is abroad, but is also a property owner, will also be emailing me.
