Zach - Thank you for a chance to review the comments received for SP-23-00010 application. Most comments from the various departments look typical of similar applications and have no concern. I do want to clarify that there will be no new or additional development or earthwork on this property for this application and should not need a cultural resource study at this time. This application is simply trying to establish separate tax parcels on the 2 existing homes with existing drain fields and there should be no ground disturbing activities necessary to complete this application. This property is under new ownership with plans to address all clean up and repairs to the site.

Thanks,
Chris Cruse P.L.S.
