Zach – Thank you for sending the comments received on our application and most look typical from the various departments but I do wish to comment on the Colville Tribe letter. This property has been worked and tilled for agricultural use for years and does not contain any undisturbed ground. No earthwork is planned for this application and a cultural resource study should not be needed at this time. I think if the county placed conditions for this application requiring lot owners to contact authorities in case of any inadvertent discoveries and also place a notice that further review may be required for future development that this would hopefully address any archeological concerns.

Please contact us back with any questions or if you need any additional information to continue the review process.

Thanks,
