---

I am out of the office until Thursday. If the mylars are ready for PH signature, please take the mylars to Public Health and ask front desk to email Dr. Larson that the document is ready for signature.

Dan – I do not know what planner has been assigned the Brownlee application but we are submitting updated mylars this morning to reflect the new conservation easement. We are submitting all pages and please replace the old mylars. Please contact me back with any questions or if you need any additional information for final approval.

Thanks,

Chris,

Our main concern would be that any future buyers would be aware of the conservation easement
