DOUBLE K SHORT PLAT

The blue polygons indicate locations where there was flowing water on January 11, 2017 and the red polygons are places where there was no flowing water visible. Site photos of several locations follow. The proposed boundaries are approximated on this image, Lot 1 has lines across it and Lot 2 is solid orange.

1

This photo was taken at the intersection of Fourth Parallel Road and Upper Badger Pocket Road, looking upstream in Badger Creek.

4

This photo was taken from Upper Badger Pocket Road, looking at the flowing water along the eastern edge of the Double K. Ranch driveway.

5

This photo was taken from Morrison Road, looking upstream in Badger Creek.

This photo was taken from Morrison Road, looking downstream in Badger Creek.

5

This photo was taken from Fourth Parallel Road, looking downstream in Wippel Wasteway.
