- NOTES**
- The descriptions of record in the NW 1/4 of the NW 1/4 of Section 29 create a gap in ownership in the vicinity of the S 1/2 of the NW 1/4 of the NW 1/4. Property described in the Quit Claim Deed filed under A.F.N. 522420 is described as a fractional portion of Section 29. The south boundary of the northern adjoiner as described in the Quit Claim Deed filed under A.F.N. 505120 is parallel with and 660 feet south of the north line of the NW 1/4 of Section 29. In this case the discrepancy in deed calls creates a gap approximately 15 feet wide which lies south of the existing fence.
 - For additional survey information see those certain surveys filed in Volume 11 of Surveys at Page 52; Volume 15 of Surveys at Page 129; and Volume C of Short Plots at Pages 6 and 7.
 - The basis of bearings shown hereon is the Washington Coordinate System.
 - This survey was performed using a Lietz TM10E 10" theodolite and a Topcon DMC2 EDM. The controlling monuments and property corners shown hereon were located, staked and checked from a closed field traverse in excess of 1:15,000 linear closure after azimuth adjustment and balanced by compass rule adjustment.
 - All monuments shown as found were visited in November of 1987.
