Date: Thursday, December 10, 2020 10:44:45 AM

We serve this facility by contract for fire protection and provide EMS as part of the hospital district. Pat Nicholson represents the AHJ for fire code matters. The project does not in and of itself present and concerns but I will say operationally that better signage at the facility to help navigate to different areas for fire or EMS incidents would assist in emergency service delivery.

Good morning Kelly,

Kittitas County Public Health will refer to KCC 13.04.200(5) regarding site and location management. Site characteristics and location indicate that there is no active surface water and the soils are a cobbly loam over Columbia river basalts with arid climate conditions. The plan also indicates that a 100 foot buffer will be place around all ephemeral stream channels and wells. The plan shows that the site location is approximately 18 miles east of Ellensburg to the south of State Route 10 placing the site down range of prevailing winds. Site specific plan however is out of date and should reflect current agency staff and contact information.

KITITAS COUNTY

DEPARTMENT OF PUBLIC WORKS

MEMORANDUM

TO: All Staff
FROM: Public Works Planning Review Team
DATE: December 17, 2020
SUBJECT: SE-20-00009 Kittitas County Ryegrass Facility

Public Works has no comments on the submitted application.

From: [Downes, Scott G \(DFW\)](#)
To: [Kelly Bacon \(CD\)](#)
Cc: [Torrey, Elizabeth M \(DFW\)](#); [Jeremy Johnston](#)
Subject: RE: Notice of Application SE-20-00009 Kittitas County Ryegrass Facility
Date: Thursday, December 10, 2020 1:08:16 PM

Kelly,

I am a bit confused here as the SEPA checklist is from 2015. Is this just a renewal of a previous application? Ideally seems they should update the SEPA checklist, though I didn't see anything in the habitat area that appeared to be inaccurate for 2020 conditions.

In addition to environmental elements already listed in the plan, WDFW does have a couple of comments.

1. In between the application areas, there is sagebrush areas, which is a diminishing and priority habitat in the county. WDFW would like to see no new clearing of sagebrush in this area (so application limited to already cleared areas). If additional clearing must occur, then consulting with WDFW for mitigation to clearing would be encouraged.
2. When these fields were originally cleared, they likely contained sagebrush as evidenced by the surrounding areas containing sagebrush. When the fields are no longer desired to be used for this biosolid treatment, WDFW would recommend that sagebrush would be planted as part of a restoration plan as that would help to improve habitat in the area.

Thanks for the opportunity to review.

Kelly:

The Department of Health (DOH) Office of Drinking Water (ODW) has the following two comments regarding this application:

- "Holly Myers" is not the contact for Kittitas County Environmental Health.
- Does the applicant know the location of any drinking water wells that are in the vicinity of the application sites?

Those constitute DOH ODW comments, thanks,

Thank you,

Kelly Bacon

Planner I

Kittitas County Community Development Services

411 N. Ruby Street, Ste 2

Ellensburg, WA 98926

Office: (509) 962-7539

Kelly.bacon.cd@co.kittitas.wa.us

Please Note: In an effort to mitigate the spread of COVID-19 and the Governor's "Safe Start" reopening plan, Kittitas County Community Development Services is currently in Phase 3 and is open to the public in a limited capacity. At this time many of us are on a rotating schedule working from home and in the office; during this time I will do my best to respond to you as promptly as possible.
