Subject: SE-21-00007 Spring Creek Restoration - Transmittal of Aquatic Memo and Revegetation Plan
Date: Thursday, May 13, 2021 11:31:11 AM

Gwen,

Below are links to the files. It does appear they were too large for attachments.

Kittitas County Public Works has provided additional information in regards to the Revegetation Plan along with the Aquatic Memo prepared by their consultants, which includes the wetland delineation.

Both documents are available below in the associated links. If for some reason these links do not work, I will create a new LIFT and send the links as quickly as possible. We plan to issue a determination for the Spring Creek Restoration SEPA application shortly, so please have any comments back as quickly as you can.

Thank you,

Kelly Bacon
