Good afternoon Kelly,

We are not establishing a drinking water system. The responses in Item 16 (a and b) were just to highlight the use of water for construction on the jobsite.

Thank you,

Kelly:

The Department of Health (DOH) Office of Drinking Water (ODW) has the following comments:

- In the SEPA checklist, under Item 16 (a and b) for Utilities, the applicant indicates on-site water and that "water" is proposed for the project. For this project, is this applicant intending to establish a drinking water system?
- If "yes" to the above, this could be a public water system. The determination of being a Group A or Group B depends on the population that would be served by the system.

Please let DOH ODW know, so that we can provide proper guidance to the applicant.

If you have any questions or concerns, please let me know, thanks,
