Ms. Stevie:

For this application, because they indicate drinking water and sewer are to continue to be provided by the City of Ellensburg, the Department of Health Office of Drinking Water has only the following comments:

- The overall City's drinking water system has sufficient capacity to provide additional water demands to this proposed facility expansion.
- For the drinking water system, the City should evaluate capacity of the distribution system at this site and in the area(s) serving this area.

If you or anyone has any questions, please contact DOH, thanks,

Russell E. Mau, PhD, PE
