Hi Kelly -

Thank you for sending this along. For the record: while I know there are many concerns about the construction process, we remain confident that we will not adversely impact the environment in any way with this project and remain committed to that outcome. I believe the review by the DNR as well as the DFW confirmed that indeed this project will not have any adverse environmental impact.

Therefore, given the scope of the SEPA review, I support your team's Determination of Nonsignificance. I have nothing more to add to the record at this stage.

Thank you for all your work and attention to this matter. I look forward to seeing your final determination.

Sincerely,

- Robbie
