Rachael-

The Kittitas PUD has no objections to this project and support a DNS. Kittitas PUD Power is available at the south side of Airport Road approximately 150 feet east of the west property boundary. Large trees along the south side of Airport Road may need to be removed or side trimmed to accommodate the extension of overhead power along Airport Road. Overhead and Underground power are available options. Underground power to the build site would require a 1foot wide (minimum) and 3 foot deep trench along the proposed driveway. Regards,

Matt Boast General Manager PUD #1 of Kittitas County
