Kelly:

The Department of Health (DOH) Office of Drinking Water (ODW) has reviewed the application and has the following comment:

- On the SEPA checklist, under “Utilities”, the applicant indicates that “water” is available at the site – is this via a private well or from a public water system? If from a public water system, can the applicant provide the name of the water system, so that DOH ODW can determine if the water system has capacity to serve an additional connection.

This is our only comment, thanks,
