The lead agency for this proposal has determined that it will not have a probable significant adverse impact on the environment. An environmental impact statement (EIS) is not required under RCW 43.21C.030(2)(c) and WAC 197-11. This decision was made after review of a completed environmental checklist, and other information on file with the lead agency. This information is available to the public on request or can be viewed at the Kittitas County Community Development Services website at: <http://www.co.kittitas.wa.us/cds/land-use/default.aspx> under "Miscellaneous SEPA Applications" using the file number "SE-22-00061 Bell."

The lead agency has determined that certain mitigation measures are necessary in order to issue a Mitigated Determination of Non-Significance (MDNS) for this proposal. Failure to comply with mitigation measures identified hereafter will result in the issuance of a Determination of Significance (DS) for this project. The mitigation measures include the following:

- 1) A Forest Practices Application shall be obtained prior to timber harvest or stump pulling.
- 2) Any grading over 100 cubic yards shall obtain a grading permit from Kittitas County Public Works.
- 3) The work shall not create hazard obstructions, smoke, glare, electronic interference, wildlife attractants or any other airspace hazard. It is recommended that FAA Form 7460-1 be submitted to determine if aeronautical hazards exist.
- 4) Should ground disturbing or other activities related to the grading and clearing result in the inadvertent discovery of cultural or archaeological materials, work shall be stopped in the immediate area and contact be made with the Washington State Department of Archaeology and Historic Preservation (DAHP). Work shall remain suspended until the find is assessed and appropriate consultation is conducted. Should human remains be inadvertently discovered, as dictated by Washington State RCW 27.44.055, work shall be immediately halted in the area and contact made with the coroner and local law enforcement in the most expeditious manner possible.

This MDNS is issued under WAC 197-11-355; the lead agency will not act on this proposal for 10 working days. Any action to set aside, enjoin, review, or otherwise challenge this administrative SEPA action on the grounds of noncompliance with the provisions of Chapter 43.21 RCW, shall be commenced on or before **September 16, 2022 at 5 pm.**
