Jeremiah,

Thanks for sending the SEPA review comments to me. I copied you on a response to Connor Armi, senior archaeologist for the Confederated Tribes of the Colville Reservation, regarding their requests. I'm hoping the ground disturbance and previous reviews that were completed resolve their concerns.

The only other item of potential significance was from KITTCOM and Kittitas County Fire Marshal regarding the need for an assessment to determine if there is adequate Emergency Responder radio coverage. Since the expanded facility does not generate additional needs for emergency radios to function properly than the existing operation already at this location, it doesn't seem applicable to require an assessment to determine if the coverage is adequate. Is this a question you should pose to KITTCOM, or should I pursue directly? Please advise so we can get this item resolved.

Thanks,

Dean Smith

Good morning,

Please see the attached correspondence regarding your SEPA application for the SPUD wastewater treatment plant improvements. I have also placed hard copies in the mail (please note that Public Works comments are not included in the mail version).

Let me know if you have questions.
