Chace,

I will play ignorant and say this is my first time going through this process. I thought the attached meant that it was completed, so I apologize for my confusion. I have no response from the airport.

Hi Josh-

Can you confirm for me this SEPA decision, date of the decision, and date when the comment period ended?

Thank you,

Gail,

Attached is a copy of the SEPA application materials for proposed work at the Airport for processing. This is associated with a grading permit for wetland and stream mitigation. As CDS processes SEPA

applications, I wanted to get a copy to you.

Any SEPA fees will need to be coordinated with the Airport, I have included Airport Manager David Ohl on this email as well.

Let me know if there are any questions related to this item.

Thanks.

Joshua Fredrickson

Mark-

I've attached the signed SEPA checklist for the Airport wetland mitigation project. Please let me know if you have any questions about the information or figures provided.

I have cc'd David and Codi, as I'm assuming public works may need to coordinate with the Airport on submittal fee.

The project grading permit will be submitted in the next couple work days.

Thank you for your help,  
Bryan
