Hi Chace,

WDFW is very interested in this project as Whiskey Creek is a fish bearing stream adjacent to the project area. We anticipate most of our concerns can be addressed during the Hydraulic Project Approval process for the project. We do have some concerns that we are not able to review the entire project during this public comment period, and we are only reviewing the mitigation portion. We anticipate that we will be able to review the project as a whole to determine whether these mitigation measures are sufficient for potential impacts to fish and wildlife conservation areas. We are hopeful to discuss options to improve fish passage and reduce flood impacts along Hungry Junction Road in this vicinity as well.

Thank you for the opportunity to provide comment,  
Jen
