RE: VA-16-00001 Mostofi

Dusty,

Thank you for the opportunity to comment on the above listed Variance Application.

After review of the variance application, I have the following comments:

1. The CDS Building Division has no objection for the applicant to encroach into the setback. Distance to be determined by Planning Division.
2. Due to steep slopes on the property, full geo-tech and soils report is required as well as engineered building plans.

Please don't hesitate to contact me should you have any further questions.
