Rachael,

The provided document addresses the previous concerns of the property line/right of way. No other review elements are triggered after reviewing the survey.

Thanks!

Subject: VA-21-00003 Ward - Question for Plan Review Team

Hello!

Back in March, we were provided comment for Ward setback variance. One of the comments stated "Applicant is required to provide information on how the property line/right of way was determined". The applicant has since provided us with a Boundary & Topographic Survey (attached). I just wanted to verify that this survey satisfies the requirement.

Thank you!

Rachael Stevie
