Subject: VA-23-00007 Public Health Appeal
Date: Friday, October 27, 2023 3:15:03 PM

Good afternoon,

Regarding the Chappelle Variance, I just received a call from the Kittitas County Public Health Department. They indicated to me that they have concerns about the project going ahead as it is planned.

They have asked that you call them and speak with them at 509-962-7515. They are requiring this project to have a septic system design approved by their department, and there will be a need to work with a wastewater designer/engineer.

They indicated to me that there can be no site work or breaking ground on this project until this is addressed.

If you have further questions please give me a call.

Zach Torrance-Smith

Planner I
