Kittitas County Public Health Needs Your Valuable Input

The Kittitas County Public Health Department (KCPHD), in partnership with the Washington State Department of Ecology and the Kittitas County Air Quality Advisory Committee, is conducting a second community assessment. The 2015 Kittitas County Air Quality Survey aims to get a more in depth look at what Kittitas County resident know and do in regards to efficient burning practices.

The goals of this air quality survey are to get more in depth information about 2014 air quality survey findings, re-test our original findings to ensure they hold true, compare our data to other agencies, and test the effectiveness of outreach and education conducted by KCPHD.

KCPHD is requesting people visit www.surveymonkey.com/s/2015KCPHDAQSURVEY to complete the survey. Paper surveys are also available at the following locations: KCPHD, Kittitas Valley Healthcare, Ellensburg Public Library, Community of Health of Central Washington in Ellensburg, Old Mill Country Store, Vantage Post Office/Riverstone Resort, La Estrella Grocery Store, Carpenter Memorial Library, and the Easton Post Office.

Residents may also scan this QR code to access a quick link from your smartphone:

Completed surveys can be submitted for a chance to win a $25.00 gift certificate to a local business. The survey closes April 30, 2015.

If you would like a paper survey sent to you or for questions about the assessment or the work that is being done in Kittitas County around air quality, please contact the Kittitas County Public Health Department at (509) 962-7515 or email communityassessment@co.kittitas.wa.us.
