Mt. Daniels Drive Extension

Location:
This project is located east of Ellensburg in the Grasslands area.

Project Description:
This project will extend Mt. Daniels Drive eastward from the current ending point just past the intersection with Lookout Mountain Drive, to meet up with a future extension of Delta Street. This would be about a 500 foot extension.

Funding:
County funds will be used to pay for this project. The total cost is estimated to be $60,000.00.
Schedule:
The project is in the design phase, with construction planned to begin in 2016.

Map showing Mt. Daniels Drive in Grasslands

Road History:
Grasslands was originally platted in 1965 in ten sections. Grasslands Park was platted in 2005.
