# Notice of Intent

## To Continue/Obtain Coverage Under the General Permit for Biosolids Management

**You must complete and submit this form by February 21st, 2015.**

The current *General Permit for Biosolids Management* (General Permit) expires on August 20, 2015. You must submit this *Notice of Intent* form no less than 180 days before the expiration date (February 21, 2015) according to *WAC 173-308-310(5)(a)*. When submitted as required, this form provides continued provisional or final approval for coverage under the current General Permit and provides notice that your facility intends to apply for coverage under a new General Permit in the future.

This form is also available online at: https://fortress.wa.gov/ecy/publications/SummaryPages/ECY070300.html.

☒ **Check this box if the following statement applies.**

"The facility identified here engages in biosolids, sewage sludge, or septage treatment, storage, use, or disposal activities that are regulated under *Chapter 173-308 WAC* and which are subject to coverage under the *General Permit for Biosolids Management*. The facility is submitting this *Notice of Intent* for the ultimate purpose of obtaining coverage under a new *General Permit for Biosolids Management*. The applicant understands that a complete permit application will be required at a later date. Further, the applicant understands that at all times compliance is required with *Chapter 173-308 WAC* and the *General Permit for Biosolids Management*."
