Agenda Staff Report

AGENDA DATE:

3/3/2015

ACTION REQUESTED:

Request Boards signature on the Professional Service Agreement with Northwest Edison.

BACKGROUND:

Upon doing a plan review for work being done on the Elevator system at the Jail, Washington State Department of Labor and Industries Electrical division found that the original wiring from the Transformer to the Main distribution panel did not meet current code. Since items had been changed and required plan review this also needs to be brought up to code.

We received bids from Electrical contractors familiar with the Electrical room of the jail and Northwest Edison is the lowest responsive bidder.

INTERACTION:

Washington State Department of Labor and Industries and Northwest Edison.

RECOMMENDATION:

Recommend Boards approval and signature on the Professional Service Agreement with Northwest Edison.

HANDLING:

Return a signed copy.

LEAD STAFF:

Aaron Avey
