RE: 2016 School District Levy Authority

Agency TTY 360-664-3631

Attached is a listing of the 2016 calendar year excess general fund maintenance and operation levy authority for those school districts headquartered in your county. The amount shown represents the **maximum** amount that may be certified for collection in 2016 by or on behalf of the school district for maintenance and operation purposes, pursuant to RCW 84.52.0531.

School district levies are certified to the county legislative authority by the board of directors of first class school districts and by the appropriate educational service district (ESD) for second class school districts.

For school districts located in more than one county, the levy authority shown must be divided among the counties.

It should be noted that when the levy rate is determined for school district maintenance and operation levies, the greater of one-half of the timber assessed valuation, or 80 percent of the 1983 timber roll, must be added to assessed valuations.

WHEREAS the Board of Fire Commissioners of Kittitas County Fire Protection District No. 2 has met and considered its budget for the calendar year 2016; and

WHEREAS the Board of Fire Commissioners in the course of considering the budget for 2016 has reviewed all sources of revenue and examined all anticipated expenses and obligations; and

WHEREAS the Board of Fire Commissioners has determined that, due to increased operating costs, for fire protection and emergency medical services and other factors the Board of Fire Commissioners finds that there is a substantial need to increase the regular property tax levy rate up to one percent (1%) above the previous year's levy; and
