

Kittitas County Solid Waste

Agenda Staff Report

AGENDA DATE:

9/6/2016

ACTION REQUESTED:

Request Boards signature on a Professional Service Agreement with Belsaas and Smith Construction Inc. for the reconstruction of the west septage lagoon.

BACKGROUND:

It was found during the cleaning and testing of the west septage lagoon that a piece of equipment had punctured the liner.

Kittitas County Solid Waste ask the Commissioners to Declare an emergency in order to protect the environment and expedite repairs of the lagoon.

The Solid Waste Department has worked with the Department of Ecology and Parametrix to develop bid documents for the necessary reconstruction.

Solid Waste requested bids from five construction companies off of the small works rooster. Two bids were received.

It has been determined that Belsaas and Smith Construction was the lowest responsive bidder.

INTERACTION:

Prosecutors office, Solid Waste and Belsaas and Smith Construction

RECOMMENDATION:

Recommend Boards signatures on the professional service agreement with Belsaas and Smith Construction.

HANDLING:

Return a signed copy of the agreement.

LEAD STAFF:

Patti Johnson
