## 2017 Lodging Tax Funds – General Information

Various municipalities within Kittitas County impose a lodging tax assessed on the sale or charge made for furnishings of lodging according to RCW 67.28.180 and RCW 67.28.181. In accordance with the tax and Washington State Law, Lodging Tax Advisory Committees may also be established by various jurisdictions. The committees' purpose is to advise and recommend to the legislative authority of the city or county how excise taxes on lodging should be allocated to support tourism which in turn generates revenue.

### Uses According to Law:

According to State Statute and the interlocal agreement between the Kittitas County and the Cities of Cle Elum, Ellensburg, and Roslyn, funds awarded under this process may be used for the following:

1. Tourism marketing;
2. The marketing and operations of special events and festivals designed to attract tourists;
3. Supporting the operations of tourism-related facilities owned or operated by nonprofit organizations described under 26 U.S.C Sec. 501 (c) (3) and 26 U.S.C. Sec. 501 (c) (6) of the internal revenue code of 1986, as amended.

### Definitions included in state law which should be considered in any application requesting funding include:

- (1) **Tourism** means economic activity resulting from tourists, which may include sales of overnight lodging, meals, tours, gifts, or souvenirs.
- (2) **Tourism promotion** means activities, operations, and expenditures designed to increase tourism, including but not limited to advertising, publicizing, or otherwise distributing information for the purpose of attracting and welcoming tourists; developing strategies to expand tourism; operating tourism promotion agencies; and funding marketing or the operation of special events and festivals designated to attract tourists.
- (3) **Tourism-related facility** means real or tangible personal property with a usable life of three or more years, or constructed with volunteer labor that is: (a) (i) Owned by a public entity; (ii) owned by a nonprofit organization described under section 501 (c) (3) of the federal internal revenue code of 1986, as amended; or (iii) owned by a nonprofit organization described under section 501 (c) (6) of the federal internal revenue code of 1986, as amended, a business organization, destination marketing organization, main street organization, lodging association, or chamber of commerce and (b) used to support tourism, performing arts, or to accommodate tourist activities.

### Review Process:

Cle Elum, Roslyn, Ellensburg, and Kittitas County have all agreed to collaborate in review of grant applications and awarding lodging tax funds for special events and festivals. Each municipality's committee or designees will review all complete applications, score them based on the information provided by the application, rank the applications, recommend any funding

awards, and forward the score sheets, ranking, and funding recommendations to Kittitas County.

County staff will compile the score sheets, rankings, and funding recommendations for further consideration by a county-wide Lodging Tax Advisory Committee (LTAC). The county-wide LTAC will be comprised of an equal number of members from each participating jurisdiction. The county-wide LTAC will receive the scoring, ranking, and recommendations list and will conduct a public meeting where each applicant which received a funding recommendation will have the opportunity to present their application and answer questions. The county-wide LTAC will publicly deliberate on the applications and the list to produce a final recommendation which will be forwarded to each participating jurisdiction's legislative authority for final action.

Scoring sheets which determine the overall ranking of applications are included in this packet for your reference and information. **Applications which do not receive an average minimum score of at least 50 points or who do not follow the submission instructions will not be eligible for funding.**

#### **Local Policy on Disallowed Uses:**

The Lodging Tax Advisory Committees have determined that certain types of activities are not eligible for funding awards even if they may be tourism related. These include anything affiliated with the following: prizes for contestants, resale items, food and drink, beautification, fundraising, and membership drives. This list should not be considered comprehensive and all funding recommendation decisions are at the discretion of the committees and subject to change by majority opinion.

#### **Application Definitions:**

Below is a list of terms and phrases which have specific meaning within this application. It may be helpful for you to review these as you prepare responses so that you have a better understanding of the reviewers' expectations.

**Date-specific** is an event or project which occurs over less than one month.

**Matching Funds** is the amount of funding your organization is contributing to the project or event. This includes both direct and indirect fund support. Direct funds can be in the form of cash funding from your organization or funding secured from elsewhere but dedicated to the project or event such as other grants, loans, donations, etc. Indirect funding support includes in-kind support like labor, volunteer support, supplies, and services which directly relate to the project or event, including those provided by your organization and others.

**New Projects/Events** are projects/events which are in the first four years of existence. For example, a proposal for a barbeque competition which is in its third year would be defined as a new project/event. Likewise, a project by an existing museum which expands its current offerings, or a specific new strategy for appealing to a different target market that is in its first year, would be considered a new project. Ongoing general marketing and advertising campaigns or general operational support requests for organizations/event which have existed for longer than four years are not defined as a new project/event.

**Ongoing Projects/Events** are defined as projects/events that have been established for more than four years. Applications that qualify under this definition may be awarded up to 10% of the project's/event's expense budget.

**Partnerships** are agreements between events/organizations/groups which enhance the overall project/event by providing additional value-added benefits or opportunities for attendees as well as the participating partners. For instance, as part of your event, you may have partnered with a local hotel or campground for a special group rate for overnight attendees. You may have also partnered with a local restaurant to provide a special meal discount or drink offer. You may have also agreed to refer your attendees to another event simultaneously occurring in another part of the county.

**Project Budget** is a written description of the complete budget for your project or event. It must include anticipated revenues, expenses, and any potential profit or loss.

**Seasonal** means a project or event which operates at least 1 month and up to 6 months, and during at least 2 seasons (Spring, Summer, Fall, Winter).

**Self-Sustaining** is being able to provide for your own needs without the assistance of grant funds.

**Supports County as a Tourism Destination** means including strategies within your proposal which will assist in attracting tourists to our County during times of the year other than for your project/event alone. This may include cross-promotion agreements with other projects/events, it may include active marketing of other projects/events at your project/event, it may include referring attendees directly to other tourist opportunities in the County, etc.

**Year-round** means a project or event is ongoing and actively working to attract tourists for at least 6 months, and at least 3 seasons (Spring, Summer, Fall, Winter).

A report form will be provided as part of the contract for receiving funds. We ask that you provide this information within 60 days after your event is complete once you have critiqued your event.

In addition, any reports which are produced as a result of a grant award must be submitted within 60 days of completion as part of your project reporting requirements. This will provide evidence that the work paid for by the grant has been completed.

**Applicant Categories and Eligibility:**

Grants from lodging tax funds are provided for two types of applicants, New Projects/Events and Ongoing Event Support. An organization may apply for funding from one or both categories. If applying for funding from both categories, the application must clearly identify the different funding categories requests. The categories are defined as follows:

The **New Project/Events** category is for applications from events/projects which are within the first four years of existence. Applications may be considered in this category from established events (older than four years) which are proposing a new or expanded project designed to increase tourism as part of an ongoing event.

The **Ongoing Project/Event Support** category is for applications from established events (ongoing for more than four years) which may request continuing support. Grant awards are limited in this category to no greater than 10% of the event's expense budget. This category includes project/events which may be operating under a new board or organization, moving venues, changing dates, or implementing other non-substantial changes to a project/event which is ongoing for more than four years.

**Other Information:**

## APPLICATION QUESTIONS

Please answer each question completely, in the order listed, on a separate sheet attached to this application. Please include any supporting data within the response narrative.

1. Please provide a description of your project/event and identify the specific tourism audience/market that your organization will target with these funds. You must include an itemized list of exactly how any grant funds awarded will be utilized.
2. Please provide the following estimates of how any money received will result in increases in the number of people traveling for business or pleasure on a trip:
  - I. Away from their place of residence or business and staying overnight in paid accommodations;
  - II. To a place fifty miles or more away from their place of residence or business for the day or staying overnight; or
  - III. From another country or state outside of their place of residence or business.

You must provide the evidence utilized in determining your projections.

3. What tools will you use to measure your event's impact on tourism? Please be specific and provide examples. Include the following information:
  - I. Is your project/event year-round or is it seasonal or date-specific?
  - II. What strategies will you employ to assure you are attracting tourists from at least 50 miles away?
  - III. What strategies will you use to assist in marketing all of Kittitas County as a tourist destination with your event/project funding request?
4. Does your organization have, or have you applied for, grant funding from other sources? If not, why not? If yes, please list the available funding you have for the project, including any volunteer and in-kind sources, and/or the sources and amounts for which you have applied. Please note which funding sources are secured and in hand so a true matching fund determination may be determined. What changes would occur if the project couldn't be funded?
5. If your organization collaborates or has created partnerships with other organizations, groups, or other events to cross-promote in an effort to encourage county-wide tourism, how is this accomplished?
6. Please explain what plans exist to allow this project to become self-sustaining. Include any plans for ticket sales, event sponsors, and other cost-recovery models.
7. **Additional information:** Provide any additional information which will assist the Lodging Tax Advisory Committee in evaluating your project and its benefit to tourism. Please limit any additional written information to one page and any other additional attachments to 3 pages. Regardless of how much additional information is included, only the first 3 pages will be provided to reviewers.
8. **Project Budget:** Please attach a copy of the complete budget for this project/proposal. If your agency operates independently of this project application it may not be

necessary to submit the entire agency budget. You must submit a budget which specifically pertains to the project/event for which you are requesting funding and adheres to the basic budget format shown below.

The budget must include anticipated revenues, expenditures, and any potential profit or loss. For projects/events which are ongoing for more than one (1) year, please also submit actuals from the previous three (3) years of operations for the project/proposal if applicable. Also, please supply any narratives necessary to understand the budget being submitted and list separately any in-kind or volunteer contributions. If applying for funding for both "New Project/Event" and "Ongoing Project/Event Support" you must clearly identify the different requests. This may be most easily accomplished by submitting separate budgets for each request category.

For any claimed in-kind contributions valued at \$500 or more and related to marketing/advertising, you must submit verifying documentation which assures the contribution will be provided. For instance, if you are claiming in-kind contributions in the form of advertising match, a binding contract itemizing the matching value and obligating each party must be provided.

Please assure your budget, and actuals from previous years (if applicable), are in the following basic format:

Revenues:

Cash  
Donations/Sponsorships  
Sales  
Vendor Fees  
Grants  
Etc.

Total Revenues

In-Kind Contributions:

Volunteer Labor  
Donated Services  
Donated Materials  
Etc.

Total In-kind

Expenses:

Venue  
Insurance  
Services  
Advertising  
Security  
Etc.

Total Expenses

Profit/Loss (Revenue less Expenses)

9. Has your event received Lodging Tax funds in previous years?

Yes \_\_\_\_\_ No \_\_\_\_\_

If yes, please list each year and the amount received for that year.

All applicants must also provide the following information regarding the event/project:

**Tourism Season: Shoulder and High Seasons**

**1. We have two primary business development goals for 2017:**

- **Maintain and further expand established events and user groups that enjoy and support the Park, with particular emphasis on the hunter/jumper, eventing, reined cow horse and rodeo disciplines.** Marketing to these constituents primarily will be by word-of-mouth, social media, the annual Progress Report, and through event organizers and other group leaders. The most important factor in retaining and growing this support base is to continue promoting and providing a high quality facility with added amenities and to ensure visitors enjoy their stay in the local area.
- **Develop more new events organized by outside groups, as well as those produced and managed by the Horse Park staff.** We continuously work with organizers to stimulate new ideas and formats for shows that will attract under-served market niches. And we promote the availability of new amenities such as bleachers, more permanent stalls, improved competitive trail obstacles and cross country courses, a PA system, expanded electricity services, etc. These efforts resulted in two new activities managed by outside groups: Trinity trail competitions series, the hunter/jumper Pacific Crest Outreach show designed to attract new constituents. In addition, the Park’s staff offered two new events ourselves: the Cowabunga cow practice weekend and the upcoming Hops ‘n Brats benefit ride. All of these offerings have been popular and we hope to leverage them next season. The challenges to

nurturing new events are: building a strong base of participants, finding acceptable dates on the Park's filling calendar and getting enough helpers. We know we have to devote significant time and resources – including excellent promotions - to make them successful.

Marketing plans for new events vary depending on the audiences we're trying to attract, but may include all of the methods noted below for new and ongoing events:

	Ongoing <u>Events</u>	New <u>Events</u>
○ Website, Facebook, e-newsletter content and production		
○ Advertising – print, radio, TV, Facebook		
○ Event flyer/registration pkg design, production, distribution		
○ Event development planning with constituents (labor and mileage exp.)		
○ Event branding – signage, banners, merchandise		
	\$20,000	\$10,000

## 2. How will Lodge Tax Funds received result in increased tourism?

Our target market includes Washington, Oregon, Idaho, Montana, California, and British Columbia and is comprised of very diverse English and western horse-related interests and disciplines. **This year we again obtained residence information from the vast majority of Park visitors and 95% reside further than 50 miles away.** We drew over 260 people from out of state (Arkansas, Arizona, California, Colorado, Florida, Idaho, Kentucky, Montana, Nebraska, Nevada, New Mexico, New York, North Carolina, Minnesota, Oregon, Pennsylvania, Tennessee, Texas, Virginia, Wyoming and another 7 from Canada).

A major goal for the Park is to book large shows of 100+ horses that run 2-4+ days thereby causing more visitors to stay overnight. Overnight stays increase Park revenues from arena rentals, stall fees, RV camper hook-up and day use fees, and increase opportunities for larger numbers of visitors to patronize local businesses. We're pleased that our larger competitions return annually and include two hunter/jumper shows, two eventing horse trials, the rodeo and reined cow horse competitions. In fact, all but one of these events are at capacity with the Park's current facilities and need more arena space. Surrounding this stable core we have a variety of smaller and medium size events, a portion of which change each year for a variety of reasons, many beyond our control. (For example, organizers need to rotate to other geographic areas to serve their, leadership changes, or an inability to scale up to make the event financially viable.) The addition of the permanent bleachers last year (thanks to a Lodge Tax Capital Fund grant of \$41,500) and other amenities are helping attract new users. It is vital that we keep developing a pipeline of new events while we strive to maintain our major core events. We believe the best measure for evaluating the Park's success and contribution to economic impact is by looking at the seasonal total of all activities over time.

**Still, our short term growth potential is limited by the pace of on-going facilities build-out. Most significantly, we need a fifth competition arena that is covered in order to grow our large core events and to add many new events throughout the high and shoulder seasons.**

The following exhibit reflects total visitor trends and includes new events and user groups illustrated in a difference exhibit in this application:

		<b>+33%</b>	<b>+26%</b>	

#### Methodology:

- All economic impact dollar assumptions used above are from the 2011 Dean Runyan Report provided by Washington Tourism Alliance, courtesy of the Kittitas County Director of Tourism.
- Recreational Rider visitor days and % non-local is based on information from each rider completing a Day User registration form and those who purchase a Season Pass for recreational use of the Park. We calculated the number of visitor overnights based on the number of stalls rented, and then applied a reasonable estimate to the number of people camping versus staying in a hotel. Because we don't have staff onsite 24/7 to ensure all paperwork is completed and submitted, these numbers are conservative.
- The base visitor data for Events was supplied by each event organizer who provided the zip code of each rider participating in their event. We then multiplied that base data by 1.5 to 3 depending on the group to project total attendees. [Central Washington University conducted an economic study of over 40 horse parks across the country that was updated in 2006. The CWU findings estimate 3 people (including trainers, grooms, family, spectators, staff, volunteers, vendors, etc.) attend an event per horse/participant, and that assumption seems reasonable for many groups based on our experience managing the Park to-date.]

- **Special Note:** we host two very large hunter/jumper shows that combined run for 14 days and attract a very well-healed clientele. Based on information we've gathered from surveying this population, about 40% of those who stay overnight rent expensive vacation homes in Suncadia, Roslyn Ridge and elsewhere locally. We determined from a local vacation rental agent the average house rental price and # bedrooms; we assume 2 people per bedroom which results in \$61.50/night/person for accommodations plus other daily expenses we estimate at \$50, for a combined assumption of \$111.50/person. This assumption was applied to 40% of this unique segment of overnight show attendees (versus the \$50/day assumption for "other" overnight provided by the Dean Runyan Report.
- The number and type of overnight accommodation was based on interviews with the event organizers, surveys (see exhibit 2 for an example) of some users groups, and knowledge we have about how each group uses the Park.

As the exhibit above demonstrates, we are succeeding in increasing the number of participants in multi-day events; unfortunately for recreational riders this is happening at their expense since they find it problematic to visit during our busy competition schedule when the Park is quite full. Below is an overview of the larger new events we held last year and this year, and an overall projection of what we plan to achieve in 2017 with sufficient marketing efforts and support.

<b>Estimated # Overnight Stays</b>		<b>2,235</b>	<b>2,682</b>

Methodology: the number of visitors and percent non-local is based on actual zip code data gathered at the new events held this season and last, and an estimate for the one remaining event this season.

Please refer to a later chart for more specific methodologies we apply to calculate the economic impacts of our activities.

**3. What tools will we use to measure the Park's impact on tourism, and attracting visitors from more than 50 miles away?**

i. Throughout the Park's season we will continue gathering zip codes from all Park users directly or from the event organizers about their participants. We feel confident about the data we're gathering and expect our metrics to become even more complete and accurate as our calendar of activities expands and we have staff on the property more consistently to monitor use and ensure proper completion of registration paperwork.

We had been told that there would be automated survey "stations" provided by the Chamber this season to gather visitor information, but those did not materialize. We have developed a set of questions on Survey Monkey to help us solicit input from participants of some of our large shows including where they are staying overnight, where they purchase food/drinks or dine out, where they shop and other information that will inform us about their experience while visiting the Park and the local area, as well as any suggestions or comments they have. (We don't have access to most event participants' personal information, so that limits the accuracy and completeness of information we can gather.) We also intend to continue to sample Park visitors to gather this information directly, but our ability to do so on a broad and/or consistent basis with forms or interviews on site will require volunteer assistance since the Park's small staff is very busy during events. Sample pages from both of these surveys are attached to this application.

ii. As long as we continue marketing to and attracting large and diverse events, we will be drawing heavily from people over 50 miles away since that is where the majority of competitive riders live. As we further penetrate the western disciplines we may bring in more local residents, but they will remain a small portion of our overall attendance.

iii. This season we installed two literature kiosks provided by the Chamber of Commerce at our visitors registration booth and inside the office. These racks contain the "This Is How We Do" Cle Elum town guide, the Central Washington Visitors Guide, the Explore Central Cascades guide and the northern Kittitas County visitors' Map, and a variety of other pamphlets such as the Barn Quilt Trail Map, Kittitas Valley vintners, etc. We also have a link on our website and Facebook to the Central Washington Color.com website and actively direct people to the information available there as well as the Chamber of Commerce and Cle Elum websites. We intend to continue trying to develop closer partnerships with local businesses and attractions.

**4. Has the Park applied for grant funding from other sources?**

We are thrilled that last year the County awarded \$60,000 from distressed sales tax funds for the purpose of designing, engineering and permitting a covered arena. The design phase was completed this year and various public and private funding options are currently being evaluated and/or pursued. We have a strong sense of urgency to get the covered arena built since it is needed by our largest on-going events and will open many new doors for us among potential user groups.

The Park is sustained by significant volunteerism from many audiences:

- Board members are all volunteers and invest significant time in governance issues as well as special areas where their expertise is needed.
- There are dozens of people who generously provide their skills and labor to develop and maintain our facilities, equipment, trails system, etc. and to communicate about and promote the Park. This season we had two construction companies donate labor and materials to build a large judges stand and a maintenance shed valued at a total of over \$20,000.
- Approximately 25 people are involved in fundraising efforts of various kinds including small gatherings, grant writing, sponsorship solicitations and our first-ever auction dinner gala event this November 12<sup>th</sup> at Sahalee Country Club in Sammamish.
- Last but not least, the vast majority of events we host are organized by non-profit groups that are staffed by volunteers.

Not counting this last category, we estimate that volunteerism accounts for a minimum of 4,000 hours per year which equates to a value of \$115,960 based on a multiplier of \$28.99 per hour (Washington state rate from Independentsector.org).

We are continually reviewing grant criteria and applying where consideration seems hopeful. We've found that since the Park doesn't neatly fit the definition of a "youth", "conservation", "social services" or "education" organization, it's been very difficult to obtain grant support. In 2017 we intend to apply to Puget Sound Energy, Suncadia and the United States Equestrian Federation. It must be noted, however, that the vast majority of grants and private contributions are restricted to site improvement projects and can't be used for operating needs such as promotions and marketing.

We intend to explore opportunities to work with Destination Marketing Organizations for media buys and Association Development Organization for additional grant possibilities.

If this project can't be funded, we would be forced to cut back significantly on our marketing activities and materials, and to rely almost exclusively on digital media to communicate with our target audiences for ongoing and new events. That would severely weaken our ability to engage them. That in turn would slow down our progress in filling the calendar and funding needed improvements, which would adversely affect the related economic benefits the Park could generate.

##### **5. How does the Park collaborate and form partnerships with other organizations, groups or other events to encourage county-wide tourism?**

We distribute information about the local community and activities at the new literature racks installed at the Park's visitors' registration booth and office. Our website links to the Live Life in Color county website, Cle Elum's "This Is How We Do", "MyEllensburg", Suncadia, which in turn link to the Chamber's digital Visitors' Guide and to the county's accommodation's link.

We work with others as follows:

Cle Elum Roundup Board	The Park's Executive Director frequently attends the Roundup Board meetings and works on the Marketing Committee to promote and produce this 3-year-old keystone event.
------------------------	---

Chamber of Commerce	We utilize the Chamber's channels to promote the Park and our calendar of events and have Park materials at the visitors center and place ads in their publications. We collaborate on mutual goals and strategies for success, such as opportunities to develop partnerships with local businesses.
Partnering with Businesses	This year we approached a number of local businesses to seek promotional incentives to drive business to them from Park visitors. This included inviting them to have a booth during large events or to offer discount coupons. Only the Cottage Café participated by offering a \$5 discount coupon for Park patrons, and this proved very positive for both the Cottage and the Park's visitors. The Cottage Café and the Parlour Car each catered events at the Park this season – a first!

During the upcoming Hops 'n Brats benefit ride the Park will be serving and promoting 4 local micro breweries from around Kittitas county as well as Glondo's Sausages under the catering guidance of the Parlour Car.

The Executive Director and others from Park leadership attend and participate in:

- Cle Elum Tourism Committee
- Kittitas County Parks and Recreation Committee
- Cle Elum Downtown Association
- Cle Elum Kiwanis and Rotary Club presentations
- Roselyn Riders meetings
- Flag bearers in Pioneer Days parade
- Meetings with Suncadia residents and senior management.

Finally, Park management is constantly meeting with horse group leaders and clubs around the state and region to promote the Park and work together to better the health of their sport and activities.

## **6. What are the plans to allow this project to become self-sustaining?**

We continue to generate increasing revenues from operations at the Park, both through hosting events with the facilities we already have and by continuing to improve the Park's amenities to attract more users groups. This season we added 60 more stalls (total now is 160) thanks to a loan from Umpqua Bank, and this is allowing us to retain the stall fee income rather than pay it to an outside stall rental vendor. We extended electricity to another stabling area needed by our largest shows. We have designed and engineered a covered arena thanks to funding from the County, and that improvement will allow us to host larger events, extend the season into at least March and November as well as attract certain activities and groups throughout the season that require a covered competition space. We added spectator seating and open panels at our western arena in 2015 which has been attracting more activities that want spectators. We are also continuing to expand our very popular cross country jumping courses.

We have an annual business sponsorship campaign and ongoing donor solicitation. We are holding our first major auction dinner gala this fall to raise awareness and funding, and are working with user groups to further generate engagement and volunteerism to ensure their activities remain affordable and manageable. As noted earlier, we have significant volunteer and in-kind support which will remain a keystone of our sustainability. But communication about what we are doing and new event descriptions is absolutely critical to building broader interest and support. *The Lodging Tax funds continue to be a significant help to us in promoting the Park, the new events we're offering and also communicating the broader messages about how to help sustain the Park.* We engage marketing professionals as needed to develop good quality promotional messaging and materials.

#### **7. Additional Information about the benefits of this project and its impact on tourism.**

We use other methods to evaluate the effectiveness of our reach in attracting people to the local area and the Park. First and foremost are testimonials from local restaurants and hotels; increasingly we are hearing that they are busy during our events and often at capacity.

Website visitors – over the past 12 months we've had 15,524 visits with 55,316 page views. The average pages viewed per visit were 3.56.

Facebook Usage – in 2016 our highest post reached 26,300 people with 2,000 post clicks, with an average reach of 3,293 for the year-to-date. There were 4,133 page "likes". This data is also up strongly from last year.

Visitor Surveys – in addition to finding out where people stay when visiting the Park, we're also interested in what goods and services they purchase, what else they do while in Cle Elum and what else would make their visit more enjoyable (see Exhibit #3).

Online inquiries – we have an automated process for sending in questions and requests for information, and part of that format asks how the person heard about the Park. Most often people who have never been to the Park use this form and we plan to better analyze and utilize the "how did you hear about us" section to help us better understand our reach.

\*marketing and administrative expenses combined in 2013

As a non-profit our goal is to break even on the bottom line while at the same time providing an affordable experience and value to our customers. We constantly invest in providing Park users and other visitors with a first-class experience in keeping with our mission. We are very aware that at this early stage of the Park's development we will not be able to generate sufficient operating revenues to cover all our expenses until we are able to fill out our calendar, especially with more activities of a large size. We remain disciplined about controlling expenses and focused on continuing to raise supplemental funds from private individuals, business sponsors and the public sector. Our plans for 2017 are to stay the course of progressive growth, and to hope that a significant portion of our Marketing activities that fuel our growth again will be funded by the Lodge Tax grant we're requesting of \$20,000.

**9. Previous Lodging Tax funding for Marketing and Promotions:**

Yes.

Lodging Tax Funds for marketing and promotional activities have been received as follows:

	<b>2011</b>	<b>2012</b>	<b>2013</b>	<b>2014</b>	<b>2015</b>	<b>2016</b>
Kittitas County	\$42,200	\$20,000	\$17,500			
City of Cle Elum			\$10,000			
<b>Total Lodging Funds</b>	<b>\$42,000</b>	<b>\$20,000</b>	<b>\$27,500</b>	<b>\$20,000</b>	<b>\$20,000</b>	<b>\$20,000</b>

The following projections for 2017 reflect the events that have been booked so far, and additional event bookings anticipated as a result of our marketing efforts for ongoing and new events.

	2016	2017
# participants/spectators days	31,303	35,000
# days event occurred:		
Event days	81	85
Day use days	240	240
# room nights booked	11,622	13,940

To-date the number of room nights booked has been based on reasonable assumptions (explained earlier in this application) and applied to the number of attendees traveling more than 50 miles for multi-day events. We have tried to work with local hotels and rental property managers to establish a process for tracking overnight customers from the Horse Park, and to more systematically survey Park users, but no reliable methods have been identified. Given our increasing volume of users and the Park's skeletal staff, being able to do so will be a big challenge.

**10. Application Certification:**

The applicant here certifies and affirms: 1. That it does not now, nor will it during the performance of any contract arising from this application, unlawfully discriminate against any employee, applicant for employment, client, customer, or other person who might benefit from said contract, by reason of age, race, color, ethnicity, sex, religion, military status, sexual orientation, creed, place of birth, or disability; 2. That it will abide by all relevant local, state and federal laws and regulations and 3. That it has read the information contained in the Instructions on pages 1 and 2 and understands and will comply with all provisions thereof.
