Subject: 2013 Marijuana Eradication

The 2013 Marijuana Eradication contracts were mailed out 6/19/13 to your attention. Unfortunately, there is an error in the language on Page 6, Paragraph 4, Bullet 1:

4. Allowable Costs.

- a. **Agreement funds may be used to reimburse the Public Agency for the following without prior approval by WSP:**
1. **Law enforcement officer(s) overtime salaries and benefits during the time they are engaged in activities directly supporting the program.**
 2. **Mileage, subsistence and lodging costs for law enforcement officers during the time they are engaged in the eradication process or attending associated training and planning meetings. All mileage, subsistence and lodging costs shall be reimbursed at current State of Washington travel reimbursement rates.**

Fringe benefits associated with overtime salaries are no longer allowable for reimbursement. Upon signature of your contracts, please cross out "**and benefits**" and have initialed. It will be counter-initialed upon execution and one original will be returned for your records.

Please contact me if you have any questions.
Thank-you,

Cindy Haider
