Assessor's Assessed Value Determination:

\$90,000

TOTAL Determination:

\$ _____

The issue before the Board is the assessed value of land/improvements.

A hearing was held on May 7, 2013. Those present: Chairman Ann Shaw, Reta Hutchinson, Clerk Debbie Myers, Appraiser Anthony Clayton. Appellant was not present.

The Board of Equalization reviewed the petition materials submitted by the appellant.

Assessor Anthony Clayton said the appraisal had been done January 1, 2009 and will be appraised again next year. He reviewed the sales submitted by the taxpayer and said some were from back then but the sales were in line with the Assessor's valuation. They had also listed some current sales, but they did not appraise on current values.

Pursuant to RCW 84.40.0301, the value placed on the property by the assessor is presumed to be correct, and can only be overcome by clear cogent and convincing evidence. This means the appellant is required to provide enough information to convince this Board that it is highly probable the assessed value is incorrect.

The Board of Equalization acknowledged the supporting evidence submitted by the petitioner supported that there has been a drop in the property values, however, the appraisal date is 2009 and we have to take evidence from the appraisal period. The property is up for re-appraisal in 2013 and the current sales will be considered in the new appraisal. The Board voted to sustain the assessor's value.

This order is signed and dated this 9th day of May.

Ann Shaw, Chairman

Debbie Myers, Clerk
