BOE Appraised Value Determination

 Personal Property

Assessor's Assessed Value Determination:

\$380,220

TOTAL Determination:

\$ _____

The issue before the Board is the assessed value of land/improvements.

A hearing was held on May 9, 2013. Those present: Chairman Ann Shaw, Reta Hutchinson, Jennifer Hoyt, Clerk Debbie Myers, Appraiser Susan Fitterer and Appellants Representative Rochelle Bush.

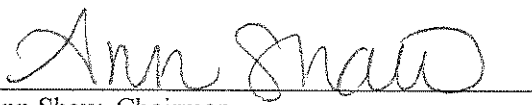

Appellants Representative Rochelle Bush said this property is 11.33 acres and has the John L. Scott office located on it. She stated she didn't reduce the building value, just the land value.

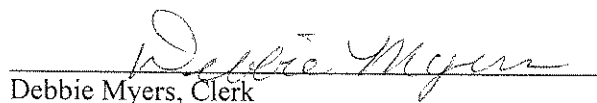

Appraiser Susan Fitterer said this property is located at 9291 SR 903 and zoned Commercial General. She said there were no sales in the area but listed similar comparables. She said the values are conservative and believes them to be fair market value.

Pursuant to RCW 84.40.0301, the value placed on the property by the assessor is presumed to be correct, and can only be overcome by clear cogent and convincing evidence. This means the appellant is required to provide enough information to convince this Board that it is highly probable the assessed value is incorrect.

The Board felt there was not enough supporting documentation to adjust the value of these properties. The majority of the comparable sales were from dates beyond the assessment year. The Board of Equalization voted 3-0 to sustain the Assessor's value.

This order is signed and dated this 14th day of May.

Ann Shaw, Chairman

Debbie Myers, Clerk
