BOARD DISCUSSION/DECISION

RESOLUTION PROPOSED BALLOT ISSUE SALES TAX INCREASE FOR JAIL TREASURER

Commissioner Huston moved to take no action on the Resolution. He said the County should begin negotiations with the City for an Interlocal Agreement and the County could begin the SEPA process for the new jail. Commissioner Coe second for discussion.

Commissioner Huston explained after meeting with the Citizens Advisory Committee that morning, they suggested that the County could wait until all the information is gathered before bringing it before the voters, so the information is clear and would bring more support. He said there
just isn’t enough time from now until the election to get the Cities in agreement with interlocal agreements and signing over their portion of the 40% of the sales tax. There are still some unknowns that should be cleared up before the issue is placed in front of the voters.

Representatives from LCA gave a brief presentation on the current costs to construct the jail and impacts of waiting another year. A few representatives from the Citizens Advisory Committee spoke in favor of waiting a year and they were in favor of a sales tax increase then a property tax increase.

Pat Kelleher encouraged the Board to not build a bigger jail and that the modifications that were made are fine. He thought the problem lies with the courts. Mr. Kelleher suggested continuing to ship inmates out to other counties to elevate the population in our jail.

Clay Meyers, Acting Undersheriff explained that the additional beds were added to get inmates off of sleeping on cots in the hallway where it is unsafe. Ten inmates have been shipped to Sunnyside already.

Commissioner Coe explained his own personal opinion that increasing property taxes was immoral and a bizarre government action. He complimented the Citizens Advisory Committee and LCA for their quick response to the County’s request of information.

Commissioner Huston explained that there is a lot of work to do from now until next year so the committee will remain busy.

Clay Meyers, Acting Undersheriff explained to the Board that when considering the 2003 budget they were not able to maintain funds to budget for what could happen through arbitration contracts, therefore,
they don’t have the funding to cover the resulting increases from the arbitration. Mr. Meyers said he is requesting some direction from the Board.

Sheriff Gene Dana said he received a memo from the Board asking how he was to fund the increases for the Line Deputies. He presented a letter to the Board and read from the letter. He explained that he has no control over union negotiations and therefore doesn’t think it is fair to be penalized for the outcome by having to layoff staff to compensate for the increases. The Sheriff explained that he will have to postpone filling the Undersheriff position and an open line deputy position in order to assist in the budget.
