Others: Julie Kjorsvik, Clerk of the Board; Paul Bennett, Public Works Director and approximately 15 members of the public in attendance.

PUBLIC HEARING  AMEND ROAD STANDARDS  PUBLIC WORKS

At 4:00 p.m. CHAIRMAN HUSTON opened the public hearing continued from January 14, 2004, to consider revisions to the Kittitas County Code Title 12, Road Standards. He acknowledged receipt of the redlined document submitted by the committee who worked on the Road Standards revisions. He explained how the Board would be going through each individual Chapter, and basically “re-writing” the Road Standards, considering both staff and committee recommendations. He indicated although they may not be taking public testimony at that time, the Board would eventually give everyone the opportunity to testify, once they have come up with a draft document for the public’s review and comment.

The Board of County Commissioners reviewed Chapter One, while making several suggestions on possible revisions. They indicated they would like to have a separate, stand alone, utilities manual, and adopt it by reference only within the Road Standards. Another suggestion was to review the Road Standards on an annual basis, even if there were no proposed revisions.

COMMISSIONER GOLLADAY moved to continue the public hearing to Wednesday January 28, 2004 at 4:00 p.m. in the Commissioner’s Auditorium, to review Chapters 1 and 2 of the Kittitas County Road Standards. COMMISSIONER COE seconded. Motion carried 3-0. It was noted the record would remain open.
