<tr>
<td>DISCUSSION:</td>
<td>1. Mr. Pettit explained the issues that are going on in his office in the vehicle licensing department. He is asking for the Board to consider approving increasing his staffing. He showed the Board a breakdown in additional costs that adding staff would be. He also received word that one of his employees plans on retiring in September and would like to have the new employee start a month before she leaves so there can be some good one on one training. He let the Board know that there is now a monitor with access to the Motor Vehicles website so that those that are just renewing their tabs can use the new online system.</td>
