TOPIC: 1. Overtime Pay.

DISCUSSION: 1. Ms. Mills explained to the Board that she wants to offer overtime pay to three of her staff members because the tax postings are way behind. Currently staff is working overtime for comp. time but she doesn’t see this as being effective because they may not be able to use the comp. time since the workload has increased. She calculated the overtime to be 4 weeks at an impact of $1600.00.

ACTION: 1. Approved overtime. Try and get caught up in 5 weeks. Come back and give the Board an update in progress.
