UPDATE SUBSTANCE ABUSE PROGRAM BOARD COMMISSIONERS

James Whitmire, member of the Alcohol/Substance Abuse Program Board explained reasons why the Board should remain independent of the Alcohol Drug Dependency Services Board. He also gave the Board notice of his official resignation, effective immediately.

Lynn Imamshah, current Chair of the Alcohol/Substance Abuse Program Board spoke in favor of continuing to be independent of the ADDS Board. She reviewed their current Mission Statement and Operating Guidelines. She said since they last met with the Commissioners, they have added four new members to their Board and when the future of the Board is decided, they will be recruiting additional Board members.

Skip Mynar, representing ADDS and the Substance Abuse Board County Coordinator explained his reasoning for wanting to consolidate the two Boards. He felt the Substance Abuse Board had no real purpose with the exception of relating to RCW 70.96A.320(2) requiring the County legislative authority to establish an alcoholism or other drug addiction program board in order for the County to receive drug and alcohol financial support from the State.

William Holmes, Probation Services Director felt by having the Substance Abuse Program Board, it generates greater public presence for prevention and it enables the County to influence State Agencies for funding etc. He spoke in favor of the continuation of the Substance Abuse Program Board.

Nancy Goodloe, Public Health Administrator said the Board of Health studied the Alcohol/Substance Abuse Program Board and identified their resources available. She spoke of the County having minimal prevention services and they were somewhat disjointed. She felt there should be a more coordinated effort to bring prevention services together.

Commissioner Bowen felt the Substance Abuse Board did what they were instructed to do from the last time they met with the Commissioners. He noted there were County Department Heads speaking in favor of continuing the Substance Abuse Program Board.
Chairman Huston explained the Substance Abuse Board had done recruiting, evaluated what they can do for the community, undertook reviewing their mission, along with monitoring the coordination with other prevention entities. He was pleased with the work they had done and was in favor of leaving the Substance Abuse Board in place. He offered to draft a Resolution outlining what the Board function is and place it on the June 21, 2005 Agenda for comment and then put a final version on the July 5, 2005 Agenda for adoption.

RESOLUTION 2005-73       WRIGHT CLUSTER PLAT       CDS

Darryl Piercy, Director of Community Development Services noted that the Prosecutors office had added the Condition M which was not noted in the public review process and the applicant did not have a chance to respond to it. James Hurson, Chief Civil Deputy Prosecutor commented on Condition M. He said the applicants were aware of the Road Standards and from a legal standpoint, he would feel more comfortable including the condition or the Board could technically deny the plat for not complying with the Road Standards. He said the Board could remand it back for a hearing to allow the applicant to speak to the condition. Chairman Huston had no issue regarding the demonstration of an easement prior to final plat approval. Mr. Piercy said it was a clear understanding that the Road Standards need to be met.
