|-------|--------------------------------------------------|

| DISCUSSION | 1. Mayor Cousart reviewed three incidents that a City official has asked the Health Department for assistance and the answers that have been received were not helpful and he was seeking guidance from the Board as to what they should do. Mayor Cousart explained that two of the three incidents have been resolved. There is still an outstanding issue with a house in the City that has standing water that came from a sub pump that is creating an odor. The house is next to a café in the City and the public has commented on the odor. Commissioner Huston explained that there are some things laid out in statute that gives the County authority to assist smaller municipalities and that he needed to review that. He also explained that the County is looking at reviewing the job responsibilities of the Code Enforcement position. He asked Mr. Cousart to keep a list of anything other issues that come up or anything else that he feels the County could be of assistance. |

| ACTION | 1. Commissioner Huston to follow up with the Health Department.  
2. Vouchers approved and signed. |
